Spices

Unleash the True Flavor of Every Dish

At Amontron, we bring you the finest selection of spices, meticulously chosen to enhance the taste, aroma, and richness of your cooking. Our premium range includes whole spices such as cumin, bay leaf, and the luxurious Kashmiri saffron, alongside expertly blended powders like red chili, turmeric, and garam masala. Each spice is ethically sourced from renowned farms, ensuring nothing but purity, quality, and freshness in every pinch. With Amontron spices, every dish transforms into a culinary masterpiece. Our cumin seeds burst with earthy fragrance, while our bay leaves lend a sweet, herbal depth to soups and stews. The exclusive Kashmiri saffron imparts a floral elegance to both savory and sweet dishes, adding that final touch of luxury. Amontron red chili powder strikes a perfect balance of heat, intensifying flavors in curries and marinades, while our turmeric brings a vivid golden hue and a warm, earthy taste that's simply irresistible. Beyond flavor, Amontron spices are packed with natural health benefits. Turmeric is a powerhouse of anti-inflammatory and antioxidant properties, while our red chili powder boosts immunity with its rich vitamin content. Cumin aids digestion and promotes heart health. Free from additives or preservatives, Amontron guarantees 100% natural goodness in every pack. Our commitment to sustainability is as strong as our dedication to flavor. We work directly with farmers, fostering transparent, eco-friendly practices. Every spice from Amontron is a testament to superior quality, robust flavor, and our promise to deliver the best to your kitchen.

Tea & Coffee

Sip, Savor, and Enjoy the Difference

Discover the art of brewing with Amontron's exclusive collection of teas and coffees. From the bold, malty richness of Assam Black Tea to the light, floral notes of Darjeeling Tea, our teas are crafted for every palate. For coffee enthusiasts, Amontron Coffee offers a rich, smooth, and invigorating experience with each sip. Our Assam Black Tea energizes with its full-bodied flavor, while Darjeeling offers a delicate, muscatel bouquet perfect for moments of calm. Amontron Coffee, roasted to perfection, delivers a robust flavor that fuels your day with every brew. More than just beverages, our teas and coffees offer natural health benefits. Amontron teas promote relaxation, support digestion, and calm the mind, while our coffee sharpens mental focus and provides a healthy energy boost. Sourced from the lush tea gardens of Assam and Darjeeling, and crafted without artificial flavors or additives, every cup of Amontron tea and coffee is a pure indulgence.

Premium Basmati & Other Rice

Elevate Every Meal with Authentic Flavor

Amontron's range of premium rice promises an unmatched culinary experience, offering varieties that captivate the senses with distinct aromas and textures. From the fragrant Tulaipanji Rice to the rich, nutty flavor of Gobindo Bhog, and the long, slender grains of Basmati, our selection is ideal for every gourmet dish. Tulaipanji Rice delivers a subtle sweetness that pairs beautifully with aromatic dishes, while Gobindo Bhog's buttery texture elevates both sweet and savory meals. Amontron Basmati Rice, with its fragrant aroma and delicate texture, is perfect for biryanis and pulaos, making it the choice of culinary connoisseurs. Our rice is not only delicious but also packed with essential nutrients. For example, Amontron Black Rice is rich in antioxidants, and Indrayani Rice is a heart-healthy option due to its high fiber content. Each variety is carefully sourced, ensuring authenticity and consistent quality in every grain.

Amontron Desi Ghee

Creamy texture and deep golden hue

Amontron Desi Ghee is made using the traditional 'bilona' method, which ensures a rich, nutty flavor and an enticing aroma. It's a versatile ingredient that enhances the taste and texture of sweets, curries, and breads.

Amontron Mustard Oil

Healthy, tasty, essential!

Amontron Mustard Oil is a cold-pressed oil that preserves the natural essence, pungency, and nutritional benefits of the mustard seeds. With its strong aroma and robust flavor, it's a staple for cooking and marinating, especially in traditional Indian cuisines.

Dryfruits

Nature's Perfect Snack

Indulge in the premium taste and nutrition of Amontron's selection of dry fruits and nuts. From buttery cashews to sweet raisins, our products are sourced from the finest regions and deliver both flavor and health benefits in every bite. Amontron Cashews offer a smooth, buttery flavor with heart-healthy fats, while our almonds are packed with Vitamin E and magnesium, supporting brain and bone health. Anjeer (figs), rich in fiber, aids digestion, and walnuts provide omega-3s for heart health. Enjoy these nutrient-rich snacks on their own or as an addition to your favorite dishes, knowing that Amontron guarantees the best quality with every handful.

Medicinal Plants

Nurturing Health with Nature's Remedies

Guin Agri Solutions offers a carefully curated range of medicinal plants, cultivated to support natural health and well-being. From Tulsi (Holy Basil), known for its immune-boosting properties, to Citronella, renowned for its natural insect-repelling qualities, our collection brings nature's pharmacy to your home. Grown with care, our medicinal plants ensure purity and potency, allowing you to embrace sustainable health solutions that have been trusted for generations.

Tissue Culture Plants

Innovation in Every Plant

Guin Agri Solutions leads the way in tissue culture technology, producing high-quality, disease-resistant plants. Our G9 Banana and Red Banana plants are grown to withstand common agricultural challenges, ensuring vigorous growth without the need for harmful pesticides. With tissue culture, you're guaranteed plants that thrive, offering a sustainable way to cultivate healthy, resilient crops.

Premium & Decorative Plants

Breathe Life into Your Space

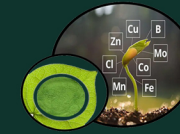

Enhance your environment with Guin Agri Solutions' premium and decorative plants. From the elegant Ficus Bonsai to air-purifying plants like Lucky Bamboo and Snake Plant, our selection adds beauty and serenity to any space. Low-maintenance options like succulents are perfect for busy lifestyles, bringing nature's calming presence indoors.

Vegetable and Flower Seeds

From garden to table: sowing the seeds of flavor!

Guin Agri Solutions Pvt Ltd offers premium vegetable and flower seeds to cultivate a thriving garden. Our vegetable seeds include Baby Corn, Radish, Onion and more, rigorously tested for optimum germination and free from seed borne diseases and pests. Our flower seeds like Calendula, Cosmos and more, are selected for beauty and resilience. Our flower seeds bring life and color to any environment and attract pollinators. Experience the joy of gardening with our high-quality seeds!

Fertilizer & Micro Nutrient

Nourish your plants with the power of nature!

Guin Agri Solutions is dedicated to delivering sustainable, 100% organic manure solutions that enhance soil health and promote robust plant growth. Our premium organic products improve soil structure, aeration, and water retention while providing essential macro and micronutrients for plants. By reducing reliance on synthetic fertilizers, we support healthy ecosystems and enhance crop yields. Explore our range of organic manure, including bone meal, fish meal, neem cake, vermicompost, and more, to cultivate a thriving garden and contribute to environmental sustainability.

Wooden Toys & Handicrafts

Crafting Heritage with Modern Design

Celebrate tradition and sustainability with Guin Agri Solutions' range of wooden toys and handicrafts. Each piece, handcrafted by skilled artisans, blends timeless craftsmanship with eco-friendly materials. Our collection is not just beautiful—it's a meaningful investment in quality, sustainability, and artistry.
